

## DAY HABILITATION WITHOUT WALL PROTOCOLS

---

### **MANDATORY HEALTH CHECKS FOR ALL:**

- ❑ Direct support staff and other essential staff will be screened and must pass **mandatory health checks** ( COVID-19 questionnaire and temperature check daily.
- ❑ Individuals will be screened and must pass **mandatory health checks** (COVID-19 questionnaire and temperature checks daily.
- ❑ Before arriving at the Individual's home, transportation staff will call and ask the required COVID-19 screening questions.
- ❑ After the Individual successfully passes the preliminary COVID-19 health questionnaire, the staff will pick up the Individual.
- ❑ The staff will take the Individual's temperature, using a touchless thermometer; if the Individual's temperature at or below 100.4°, the Individual can attend the program that day.

### **VEHICLE TRANSPORTING PROTOCOL:**

- ❑ The maximum capacity when transporting individuals will be 4 of total vehicle capacity, including staff and driver.
- ❑ Individuals are required to wear facemasks at all times.
- ❑ Individuals will have assigned seats according to pick up time and order, to minimize contact when boarding and or un-boarding the vehicle.

### **PARTICIPATION IN DAY HABILITATION PROGRAM:**

- ❑ Group size in the program is limited to no more than fifteen (10) individuals receiving services, plus direct support, and essential staff.
- ❑ Any individual exhibiting signs or symptoms of COVID-19 upon arrival will not be allowed in the vehicle or participate in the program.
- ❑ If an individual develops symptoms begin while at the day program, the family will be contacted; and the Individual will be sent home as soon as possible.
- ❑ Individuals sent home from the program due to COVID-like symptoms must consult with their healthcare provider before returning to the program.
- ❑ If an individual is unable to attend due to COVID-like symptoms or concerns, the Individual has the option of participating in telehealth services until clearance to re-join onsite/group is provided.

### **PHYSICAL DISTANCING:**

- ❑ Whenever possible, at least six(6) feet of physical distance is maintained among individuals and staff, unless an individual's treatment plan requires that closer contact be maintained with a staff member.
- ❑ All individuals must wear an appropriate facemask or covering at all times unless medically prohibited. Eprine will provide masks.

**HYGIENE AND CLEANING:**

- The program has strict hygiene and sanitation practices to reduce transmission.
- The program will conduct frequent cleaning and rigorous disinfection of high-risk areas ongoing.
- The program will conduct cleaning of high touch immediately after activities on (i.e., shared equipment or supplies).
- Hand sanitizing stations: alcohol-based hand sanitizer containing at least 60% alcohol will be set throughout the programs, in vehicles and during community-based activities.

**VEHICLE CLEANING PROTOCOL:**

- At a minimum, vehicles will be sanitized after each use.
- Staff are required to clean and disinfect commonly touched (surfaces within the interior of the vehicle such as seats, armrests, door handles, seat belt buckles, light and air controls, doors and windows, and grab handles).

**COMMUNITY-BASED ACTIVITIES:**

- All community activities will be planned while ensuring physical distance from the public.

**STAFF TRAINING AND EDUCATION:**

- Staff will be trained and reminded about the procedures ongoing.

**Please keep the program up to date on all emergency contact information so that the program can reach you at any time. You can reach an agency administrator at all times; 607-323-0771.**
